

### New job classifications and upgrades

Boeing has created three new job classifications. Employees will be upgraded based on relevant statement of work.

NEW JOB CLASSIFICATION	LABOR GRADE
Helper Manufacturing A (C3203)	3
Materials Coordinator (63005)	5
Strategic Support Rework Mechanic (33606)	6

Boeing is recognizing higher skills with higher grades. Once upgraded:

- Employees currently at the maximum rate will be taken to the maximum rate of their new labor grade.
- Employees still in progression will maintain their current progression counter.

JOB CLASSIFICATION WITH REVISED CODE/GRADE	CURRENT LABOR GRADE	NEW LABOR GRADE
Plumber Maintenance (81109)	8	9
Heating, Ventilating, Air Conditioning, Refrigeration Technician (69210)	9	10
Aviation Maintenance Technician and Inspector – Field (97110)	9	10
Aviation Maintenance Technician and Inspector – Flight Test (C2710)	9	10
Aviation Maintenance Technician and Inspector – AOG (92310)	9	10
